Thank you Michael for getting this together so quickly. I've looked it over and don't have any comments on the assessment. RD – for the decision document you will need to explain why there isn't a significant increase in UAE with the citrus use given there are some potential risks to bees.

Subject: revised draft of EFED's aldicarb citrus memo

Hi RD,

Attached is a revised version of the citrus memo with the Tier I bee risk assessment included. Please let us know if you have comments and we can wrap it up pretty quickly.

Thanks,
